

24 Gallon ip65 waterproof customised data rack

How does the IP55 outdoor server rack work?

The cabinet design allows natural wind cooling through filtered vents on the front door and venting under the lip of rain hood. The IP55 outdoor server rack also has two or four fans with a dust-proof cover located at the top of the cabinet for greater airflow/cooling.

What is a waterproof server rack?

Waterproof Outdoor Server Rack Designed for outdoor server installations, these racks are built to withstand rain, snow, and extreme temperatures. Features rugged construction and lockable doors for added security. Ideal for telecom infrastructure and industrial applications. 8. Waterproof Rack Mount Cabinet

How many fans does the IP55 outdoor server rack have?

The IP55 outdoor server rack also has two or four fans with a dust-proof cover located at the top of the cabinet for greater airflow/cooling. The fans are serviceable and the front door dust filters are easily accessible for cleaning. All fixtures are internal to the cabinet to provide a secure solution.
