

What is a self-service kiosk in Malaysia?

These interactive terminals provide users with a wide range of services, such as ticketing, bill payment, and information retrieval, without the need for human assistance. Self-service kiosks in Malaysia are often equipped with user-friendly touchscreens, allowing customers to navigate through various options effortlessly.

How can self-service kiosks improve customer satisfaction?

Customers can access services anytime, anywhere, making transactions faster and more convenient. Self-service kiosks also enhance customer satisfaction, as they offer a self-guided experience and eliminate the need for lengthy queues.

What are self-service ticketing kiosks?

These kiosks are ideal performers for high use public access including travel and transportation services, ticketing kiosks or city and state agencies such as vehicle registration. Self-service ticketing kiosks can be found on train platforms and in parking areas, offering easy and convenient ticket purchase.

What is a Kiosk Management System (KMS)?

We also offer a ready-to-deploy Kiosk Management System (KMS) to remotely and effectively manage and control kiosks across multiple locations. With the goal of optimising the self-service usage experience, our smart kiosks offer automatic height adjustment of the face capture module to the user's eye level for easier accessibility.
