

Casing N& N Drilling Supply manufactures the largest variety of grout casing in the industry and stocks a full line of "W" series casing made from high-strength steel ...

With the ability to join a variety of materials including aluminum, steel, glass, plastics and painted and powder-coated surfaces, 3M(TM) VHB(TM) Tapes provide resilient bonding solutions in just about ...

Our 3M(TM) Fire Barrier Cast-In Devices for Metal Pipes eliminate the time and expense of firestopping metallic penetrants using extra materials such as pipe devices, strips and caulk, allowing for secure, ...

Intumescent fire door strips and intermittent seals, seal the air spaces between doors and frames by self-adhesive installation, prevent spreading of fire, smoke and toxic gases.

Effective and easy to install, 3M(TM) Fire Barrier Cast-In Devices for Metal Pipes are part of our family of fire protection products that offer the broadest, long-lasting solutions for a variety of commercial, ...

Strip processing offers manufacturers" unparalleled versatility and flexibility in product design and customization. The modular nature of strip processing lines allows for easy reconfiguration to ...

Castrip is a continuous steel strip casting process that produces thin, high-quality steel strips efficiently, enhancing productivity in steel manufacturing.

Features: - Designed to complement the range of flexible LED strips. - The aluminium profile keeps LED strips away from dust and acts as a heat sink for LED strips which in turn will expand the LED lifetime ...

Their strong bond holds up to 15 pounds, without the hassle of nails or a hammer because of their 3M(TM) industrial strength adhesive. So whether you're mounting acrylic cosmetic organizers or a translucent ...

Application: Direct strip casting is highly useful for manufacturing near-net-shape castings out of steel, carbon and stainless steel, aluminum, magnesium, titanium, copper and other non-ferrous alloys.

By following these comprehensive quality control and inspection procedures, manufacturers can ensure the high quality and dimensional accuracy of slit steel strips, contributing ...

3M(TM) Fire Barrier Cast-In Devices for Metal Pipes provide one-step firestopping for penetrations through fire-rated concrete floor assemblies. Heights are easily adjustable, and these intumescent devices ...
