

What is a coal-generated electricity organization?

The American Coalition for Clean Coal Electricity (ACCCE) is an organization that seeks to influence public opinion and legislation in favor of coal-generated electricity in the United States. It places emphasis on the development and deployment of clean coal technologies.

How long would a coalition government spend studying nuclear reactors?

He said a Coalition government would spend two-and-a-half years studying the sites and consulting communities before an independent authority chooses the most appropriate reactor design. The other type of reactor the Coalition wants in its nuclear power arsenal has been promoted as a game changer for the industry.

Are Georgians struggling to keep up with their power bills?

Kimberly Scott and other community organisers have seen thousands of social media posts of Georgians shocked by their power bills. (Four Corners: Ryan Sheridan) Community organiser Kimberley Scott said people have been struggling to keep up. "Power bills have gone up hundreds of dollars for consumers including myself," she said.
