

Why should you choose Emco Wheaton?

EMCO Wheaton's range of manhole covers are internationally accepted and specified by oil companies around the world, assisting with the safe conveyance of petroleum-based products. We offer a range of original spares and repair kits to ensure equipment is maintained in top working condition .

How does a Emco Wheaton tank work?

EMCO Wheaton models include emergency venting to prevent tank explosion if a fire occurs (7000m³/hr at 350 mb), as well as a pressure vacuum breather to complete with rollover seal to stop leakages if a tank is overturned. Operators are also kept safe by a two-stage opening mechanism that releases residual pressure before fully opening.

What is a steeline floor mount enclosure?
