Who are Kiosk Innovations?

Kiosk Innovations is a company that specializes in kiosk solutions. They offer a full line of standard designs for quick deployment, as well as custom design services tailored to your needs. Their services include implementation planning, prototyping, piloting, manufacturing, installation, and support.

Why did T-T Control create a weatherproof kiosk?

T-T Controls designed, manufactured and supplied an IP55 weatherproof mild steel kiosk on a tight deadline for a booster set going to a UK safari park. The booster set was needed quickly to start feeding clean water into new accommodation being built on the site, with the kiosk necessary to protect the equipment's electrical components.
