

Microphone unable to pick up any sound on settings Hi, Today I was playing around with Audacity and enabled stereo mix for the first time in ages to record some audio from my XPS 13. ...

Open the Play Store on your mobile device. Search for " " Select the official app. Tap Install. Visit the Google Play Help Center to learn more about downloading Android apps....

I need go to a Sharepoint Online for Office 365 list ( with Date and Long Term, High Priority choice ["ON" / "OFF"] columns) to find the record on a special Date (such as Dec 5, 2019) ...

Our comprehensive offerings include full-height kitchen cabinets, 3D interior design rendering, renovation and extension projects, as well as high-quality stainless ...

I never used tinytask to afk level grind and I suggest not to if u don't have a private server cuz people could ruin it but I did use tinytask to afk haki level (both armament and observation) both ...

Patheos Explore the world's faith through different perspectives on religion and spirituality! Patheos has the views of the prevalent religions and spiritualities of the world.

I read two threads that completely destroyed Meditech as a EMR. Is it really that shi\*ty? Is seeing 2 pph with Meditech really difficult because of the software? Would you rather see 1.8 pph ...

Does Meditech have "dot" phrases like Epic? I heard you can't free type or dictate your assessment and plan but rather have to click your problems and severity? In Epic, I just write "end" ...

Meditech is a DOS-based EMR. That means for many functions, you are restricted to keyboard commands only and mouse is non-functional. This can make routine functions time ...

Do you let the smallest inconvenience ruin your day? Or do you look at it as a small hiccup, and get on with the rest of your day. You really do have 86,400 seconds each and every day.

Meditech is actually better than Cerner. Pulsecheck is the best, I agree...if that is an A+, Meditech is probably a C+ and Cerner a D-. McKesson is an F. If everything else about the job is ...

Black screen while playing games, Desktop Windows Manager has stopped working A couple times a week while playing games on my PC, the screen will go black and I will have to ...

That's the only problem, after the lock screen, the keyboard lets me type in anything. I tried to restart it but it still won't let me type in anything but numbers on the lock screen. By the way, I ...

It looks like we must always struggle in the Church and elsewhere to situate the precise status of truth. In an intellectualistic perspective tributary to

For example, what if a user has a record on the screen, and they take a picture of that using their cell phone. Would that qualify as a security violation? (this recently happened in the ...

TinyTask [net] looks more legit but still not confident. Both sites had 1 suspicious report each on VirusTotal. All the other sites on google looked even more suspicious. I read some ...
