As a reliable electrical kiosk manufacturer in China, KDM is dedicated, passionate and work really hard to offer world-class electrical kiosk products. During the production, we can guide you with the assembly of your custom electrical kiosk.

What is a power supply kiosk?

Power supply kiosks form a part of the Ritherdon range of Feeder Pillars. A power supply kiosk is a robust, weatherproof enclosure which can be either permanent or temporary in type. They are much faster to install than a brick built construction while being much more damage resistant than a plastic type enclosure.

To complete the installation and commissioning of a kiosk, you'll need to follow these steps (although some activities may be performed in parallel or in a slightly different order):
