

How much do Electrical Box cost for a outdoor

How much does an electric meter box cost?

Electric meter box replacement costs \$500 to \$2,100 on average, depending on the meter size, location, installation complexity, and code requirements. New outside electrical meter box prices are \$50 to \$750, depending on the amperage. Adding a separate electricity meter costs \$1,400 to \$4,700.

How much does it cost to replace an electrical box?

The cost of replacing an outside electrical box runs between \$500 to \$5,000 on average, though most homeowners will spend around \$1,000. But if you own a large home with a 400-amp box, your replacement project could cost as much as \$5,000.

How much does it cost to replace a meter box?

Project scope - Some areas require bringing everything up to code when replacing a meter box, which may involve replacing additional components, relocating the main disconnect outdoors, or updating the wiring. Replacing an electrical panel box costs \$850 to \$2,500. Rewiring a whole house costs \$5 to \$17 per square foot, or \$10,000 to \$30,000.

How much does a 100 amp meter box cost?

Typically, replacing a 100-amp electrical meter box ranges from around \$500 to \$1,500. 100-amp boxes are popular for smaller homes and are a necessary replacement when the current box can't meet the home's needs. In addition, as homes increase their demands--thanks to all of the new home technologies--they often need to upgrade their amp service.
