You can choose from a wide range of designs, sizes, and dimensions to pick the right IP65 enclosure for your application. IP65 doesn't suit your needs? Take a look at all the other IP-rated boxes we offer! IP65 Enclosure Manufacturing Inspection

Should you put your wiring inside a waterproof IP65 junction box?

By placing the wiring inside a waterproof IP65 junction box with secure cable glands, you keep the system running safely and reliably for years--even in heavy rainfall. Some buyers wonder if they should opt for a higher IP rating. The choice depends on the environment: IP66 -- Similar dust protection but resists more powerful water jets.

Is aluminum good for IP65 enclosures?

Aluminum has a layer of oxide on top that prevents any corrosion. This material is especially good for enclosures exposed to solvents, petrochemicals, some acids, most sulfates, and nitrates. So, if you are looking to put IP65 enclosures in such mildly hazardous environments, aluminum is good for that.
