

Does IMEA need a single trucking provider?

In the IMEA region, though, trucking is often fragmented and unorganised, with lots of independent operators. What's needed is a single provider that unites non-containerised road transport with contract logistics.

How can I expand my business in IMEA?

Looking to expand your business in IMEA? We do more than carry cargo. We support your supply chain from end to end to advance your ambitions and connect your company to new markets and customers. Seamlessly move your containerised cargo from major vessel terminals to your designated inland locations by truck, rail or barge.

Where do you source steel in Malaysia?

Our main office is in Kuala Lumpur, supported by local operations in Kemaman and Labuan. While we source materials from top-notch mills outside Malaysia, all other processes are completed 100% locally. Expert in steel product distribution with global network supported by multiple mills to provide security of supplies.
