

What is an IP65 rated enclosure?

IP65 rated enclosures provide indoor and outdoor protection for waterproof applications. Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic assemblies in harsh environments. IP65 rated boxes are available in plastic, aluminum and steel varieties.

Are Orion+ waterproof enclosures rated IP65 or IP66?

The Orion+ waterproof enclosures and cabinets, rated IP65 or IP66, made of metal or polyester, are designed for general use and are suitable for the most extreme conditions (chemical aggressiveness, humidity, outdoor use, etc.). The internal equipment can be mounted on a back plate or using modular equipment kits with front panels.

What is IP65 stainless steel enclosure?

IP65 robust stainless steel (SUS304) enclosures for superior weather and corrosion resistance. Suitable to be used in machine industry, industry plant, food plant or chemical plant. Easy opening latch/hinged models and screw closing models are available. IP65 stainless steel enclosure with screw fixing cover.

Is IP65 waterproof?

IP65 is not waterproof. IP65 devices are protected against water jets from any angle, but DO NOT submerge in water. It is designed to withstand being sprayed with water from any angle, but it is not meant to be submerged in water. For example, a lamp with an IP rating of IP 65 may be hosed down with a garden hose.
