

Are double door kiosks waterproof?

Specifically designed for outdoor use for industries such as rail, telephone, broadband and electrical, the double door kiosks we offer are high quality and reasonably priced. We ensure that they are waterproof and fire-resistant for up to 30 minutes, with protection from all liquids, dust and resistant to shock.

Does valid manufacture a lighting & power kiosk?

Valid manufactures a large selection of lighting and power kiosks and enclosures with completely customizable options. Our kiosks are compact and designed to enable ease-of-use in a single complete solution.

What is a kiosk & enclosure made of?

Kiosks and enclosures are built from aluminum, carbon, or stainless steel ensuring optimal construction tailored to each application. We are committed to providing exceptional customer service and after-sale support. Our team of dedicated service staff are available to assist customers with product specific support 24 hours a day, 365 days a year.

Do self-serve kiosks need backup power supplies?

Self-serve kiosks also deserve backup power supplies. While kiosks are shown to give customers the feeling of more control over their order, the customer will lose control if a power outage disrupts their order-pay cycle. My continual challenge is power conditioning and protection.
