

What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

What is a solar battery enclosure?

Free-standing enclosures and floor-mounted enclosures are perfect either for large solar batteries or many batteries that are too heavy to be wall-mounted or pole-mounted. Free-standing battery enclosures could be of any height, width, and depth according to your requirements. They can be portable if you choose to include casters.

How do I Configure my outdoor solar battery enclosure?

You can choose any configuration for your outdoor solar battery enclosure. Configurations are customized using racks, dividers, inner compartments, and separate doors. Racks and dividers can be used to configure the space inside your battery enclosure. Racks can be used as tiers for many batteries.

How do you secure a solar battery enclosure?

Hinged doors control how and how much the door or cover of a battery enclosure opens. Locks add a layer of security to your battery enclosure. Key locks, electronic locks, and clasps make sure no one tampers with it or accidentally accesses its batteries and chargers. This improves safety and helps control access to electrical solar batteries.

Battery Enclosure with locking door and two shelves. Holds three group 31 or 27 sealed batteries per shelf side by side or two per shelf end to end. Also holds one 8D per shelf. Two cabinets can be stacked ...
