

Outdoor battery mounted fiber optic data rack

What are fiber optic cabinets?

Manufacturers design fiber optic cabinets to protect fiber optic cables in indoor and outdoor environments. Also known as fiber optic enclosures or fiber entrance cabinets, these enclosures act as hubs where cables can be spliced, organized and routed through areas inside or outside a building.

What is a fiber rack-mount enclosure?

Fiber rack-mount enclosures use the HDX cassette platform to provide an ultra-high-density solution for inter-connects or cross-connects between backbone horizontal cable and active equipment.

What is a fiber slack enclosure?

An all-metal pole-mount enclosure storing up to ~250? (144-count) outdoor fiber slack. Powder-coated steel and stainless hardware ensure field durability, while cable keepers and key-hole mount points offer organized, secure slack storage on telecommunication poles.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.
