Traditional paper plates, made from uncoated paper, are generally recyclable in most municipal recycling programs. However, many paper plates are coated with plastic or wax, which complicates ...

Another reason that makes a paper plate non-recyclable is the plastic and wax coatings on it. To make them durable, many manufacturers coat their paper plates with wax and plastic coatings.

Whether your paper plate can be recycled depends on its material, coatings, and how it was used. Paper plates are recyclable if they are clean and free from food, oil or wax coatings.
