

Sheet metal processing of chassis panel quotes

How do I get a sheet metal CAD quote?

Upload your Sheet Metal CAD to our platform, select your lead time and get an instant or 24hr Sheet Metal online quote. We assign the most suited sheet metal fabricators to your order, with the Sheet Metal production starting immediately.

Why should you choose Fathom for a sheet metal fabrication quote?

Fathom offers a rapid turnaround time for sheet metal fabrication quotes because our team can fulfill every customer need throughout the entire process from design to fabrication to finishing and assembly. Quotes are based on the amount of time needed on the cutting machine to yield a complete part.

How does sheet metal fabrication work?

Unlike traditional sheet metal shops, we have infinite capacity and an easy-to-use online quoting system ensuring on-time shipment every time--whether you need a single part or 500 parts. Sheet metal fabrication is the process of forming a piece of metal into a desired shape through bending, stretching, and removal of material.

How to calculate sheet metal quotes?

Therefore, the calculation of sheet metal quotes becomes very critical. The calculation of sheet metal quotes usually involves multiple aspects, mainly including material costs, processing costs, packaging costs, transportation costs, taxes and profits, etc. Taken together, the quote = material cost + processing cost + management costs + profit.
