

# Stainless steel tri view server Server Rack 30 x U

What is a 30U server rack?

30U server racks and floor standing data cabinets from Server Room Environments are designed to provide a safe and secure enclosure system for the protection of servers, IoT devices and Edge network peripherals. The 30U rack range includes 600mm and 800mm racks with depths from 600mm to 1200mm to accommodate a range of products and systems.

What is a server rack?

Server Rack is among the many security system types that VSH Technology offers. If you're looking for a Server Rack supplier in Malaysia, you've come to the right place. This rack is also known as an equipment rack. It is a standard frame or enclosure for mounting multiple electronic equipment modules.

Do you supply open frame or enclosed server racks?

The majority of server racks and data cabinets supplied are enclosed rather than open frame racks. An enclosed cabinet with a front and rear door and side panels is more secure and will provide with more efficient airflow management. We can supply an open frame rack if required.

What is the price range of a 12U open server rack in Malaysia?

The price range of a 12U open server rack in Malaysia is RM290.00- RM350.00.
