How do I choose a safe electrical and electronic enclosure?

Your electrical and electronic components operate safely in industrial environments with the support of a wide range of enclosure models that boast simplicity, ergonomics, and versatility. Choose one of the following: Boxes for complementary control or distribution panels. Wall-mounting enclosures for minimal space occupation.

Where should you use stainless steel enclosures?

Apply stainless steel enclosures that are a must for the hygiene industry such as Food & Beverage or wherever there is a need for protection against harsh, corrosive environments like petrochemical sites. Take a look at all the options that can ensure up to IP66 protection and up to IK10 of shock protection.

Why should you choose a steel enclosure?

Our steel enclosures provide excellent protection against physical damage, ensuring that your electrical equipment remains safe and operational. When you choose our Universal Enclosures, you can trust in our commitment to innovation and excellence.

AZE's outdoor server enclosure is the ultimate choice for your outdoor racking requirements, they can provide a secure, climate controlled environment for any electronic equipment.
