

What hardware is best on ip65 waterproof kiosk

Is IP65 waterproof?

IP65 is not waterproof. IP65 devices are protected against water jets from any angle, but DO NOT submerge in water. It is designed to withstand being sprayed with water from any angle, but it is not meant to be submerged in water. For example, a lamp with an IP rating of IP 65 may be hosed down with a garden hose.

Why should you choose an IP65 waterproof enclosure?

An IP65 waterproof enclosure offers complete protection against particles and a good level of protection against water. Our IP65 Waterproof Enclosure, in particular, provides - Complete protection from dust, oil, and other non-corrosive material.
